|--|--|---|---|---|--|
|  | <p>Beaver Deceiver also called Culvert protective fence, trapezoidal fence or culvert fence</p> | <p>Trapezoidal fence to prevent beaver damming of culverts.</p> | <p>Very common, very successful. Term is often misapplied to other tools.</p> | <p>Skip Lisle Beaver Deceivers Int'l 802-289-2899 Vermont</p> | <p>Living with Wildlife book by Sherri Tippie, Grand Canyon Land Trust</p> |
|  | <p>Flexible Leveler</p> | <p>Flexible Pipe and round fence ("Filter") filter to prevent flooding by lowering pond height</p> | <p>Very common, 75% success. Biggest failure is lowering the dam by too much.</p> | <p>Mike Callahan Beaver Solutions MA (413) 527-6472</p> | <p>Best Beaver Management practices DVD Beaversolutions.com</p> |
|  | <p>Castor Master</p> | <p>Double walled flexible pipe and round fence ("Filter") to prevent flooding by lowering pond height</p> | <p>Used by Skip Lisle. 75% success.</p> | <p>Skip Lisle Beaver Deceivers Int'l 802-289-2899 Vermont</p> | <p>Living with Wildlife book by Sherri Tippie, Grand Canyon National Trust. Also film on Animal Protection NM.</p> |
